HEADQUARTERS UNITED STATES AIR FORCE

5/12/2026

PROPOSAL NUMBER: FX255-PCSO2-0044
TOPIC NUMBER: AFX255-PCSO2
COMPANY: Tychon AI LLC

Subject: Notice of Selection Status: Air Force (AF) Phase I Proposal FX255-PCSO2-0044

The subject proposal, submitted under AFX255-PCSO2, has been evaluated against the published review criteria. Upon evaluation completion and selection factor application, proposals are categorized as Selected or Not Selected.

The subject proposal has been determined to be **Not Selected**. The feedback process is automated and applicant feedback requests are fulfilled using standardized language for each evaluation criterion provided on the second page of this letter. Additional feedback will not be provided.

Your company's interest in AF SBIR/STTR Programs is greatly appreciated. If interested, there are/will be other opportunities to compete for Federal SBIR/STTR awards. Visit https://www.dodsbirsttr.mil/submissions/login to view current and future DoD and AF SBIR/STTR solicitations.

PROPOSAL NUMBER: FX255-PCSO2-0044
TOPIC NUMBER: AFX255-PCSO2
COMPANY: Tychon AI LLC

SUBJECT: Department of the Air Force (DAF) SBIR Topic AFX255-PCSO2 Phase One Proposal Number FX255-PCSO2-0044 feedback.

All proposals were peer reviewed in accordance with the evaluation criteria stated in the solicitation. While the ratings in this feedback are consistent with the ratings the proposal received as a result of the peer review, it does not reflect specific comments provided during the peer review of this proposal. Instead, all feedback provided to applicants is general feedback that approximately corresponds to the rating for each evaluation criteria. This feedback does not represent a separate evaluation standard, nor does it represent a standard technical evaluation narrative. This document is not itself a selection decision document, nor are any selection decision documents derived from this document.

Criterion Commercialization was rated Acceptable. Feedback: Proposals in this category demonstrated acceptable potential for Government and/or private sector commercialization and benefits expected to accrue from that commercialization. Proposals in this category provided an acceptable record of commercializing SBIR or other research, as indicated by pre-sales, pilots, sales, revenue, active users, subscriptions, downloads, Phase II follow-on commitments for the subject research, and/or other forms of traction/adoption. Proposals in this category provided clear and consistent supporting documentation.

Criterion Defense Need was rated Excellent. Feedback: Proposals in this category provided an excellent demonstration of an appropriate, relevant, and specific Defense need. Proposals in this category excellently demonstrated the proposed effort's relationship to fulfilling the identified Defense need. Proposals in this category provided clear and consistent supporting documentation.

Criterion Technical Merit was rated Good. Feedback: Proposals in this category demonstrated good soundness, technical merit, and innovation for the proposed approach. Proposals in this category demonstrated good differentiation of their proposed solution from current customer alternatives. The proposed Principal Investigators/Project Managers, supporting staff, and consultants were well-qualified to execute the proposed approach. Proposals in this category provided clear and consistent supporting documentation.

Your company's interest in AF SBIR/STTR Programs is greatly appreciated. For further SBIR/STTR Program opportunities, visit the Defense SBIR/STTR Innovation Portal at https://www.dodsbirsttr.mil/submissions/login to view DoD and Air Force SBIR/STTR solicitations.
